

# Meaningful Work

We are excited to bring you this edition of your Weekly Winning Resource all about the word meaningful. Meaningful work can be a platform that allows you to live out your purpose and achieve the goals and dreams you desire. The great news is, you don't have to leave your current position, make a hasty move, or start all over to feel like you're making a difference or being useful. You can start right where you are today. For example, if you know you have a purpose in encouraging others and sharing your story, figure out a way to do it right where you are. With today's environment, most companies are open to helping their employees feel more empowered to live a more fulfilled and meaningful life. All you need to do is ask or make your case. The fact is, you are more likely to thrive and grow when you believe your work is meaningful to you.
