

It can be very scary!

We are excited to bring you this edition of your Weekly Winning Resource all about the word risk. Like Halloween, taking risks can be scary, but it's necessary for success. If you want to achieve your highest calling, your biggest dreams, and live the life you desire, you must step into faith, which is always outside of your comfort zone. You will have to take some chances that may feel a little risky, but risk is a part of your journey to achieving your purpose. It can be very scary, but remember, there can be no great accomplishments without taking some kind of risk. Taking risks doesn't mean you will succeed every time, and that's okay! In failures, we can learn and grow. If your ideas are still in your mind, then it's worth taking the risks. We are here to help you every step of the way!

Your Weekly Winning Challenge:

Do one thing every day this week that pushes you outside of your comfort zone. For example, make a sales call you've been putting off, go out to dinner alone, find an opportunity to

volunteer, or make an appointment to meet with someone you want to know better. Write your results on your journal page in your Success Workbook & Journal.

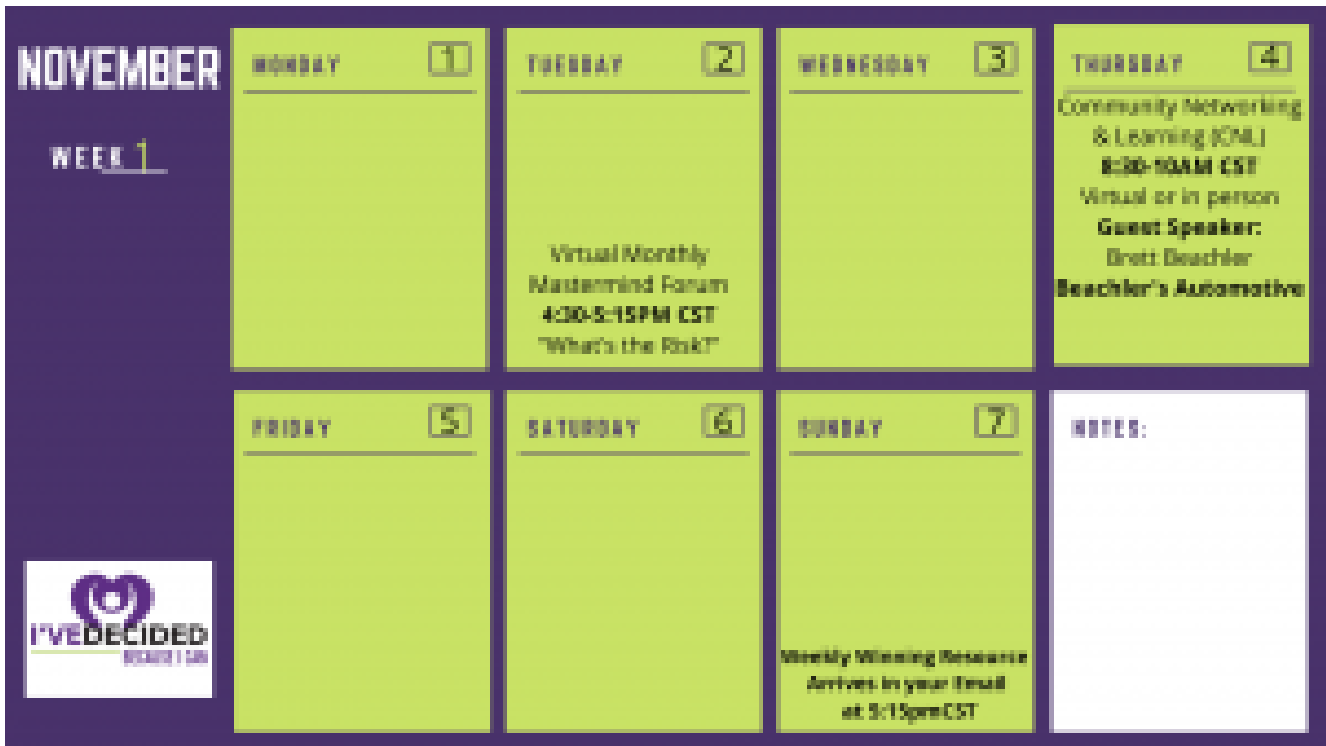

Your Weekly Winning Quote:

“The biggest risk a person can take is to do nothing!” ~Robert T Kiyosaki

Isn't it funny how we don't mind spending 5-10 dollars a day on fluffy coffees, fast food, or other things that bring us no value, but when it comes to our personal development or things that help us be better like gym memberships or having a coach, we over think the investment? The cost for weekly group coaching with one of our Success Partner's is about the same as one daily venti latte from Starbucks. Are your dreams worth that? We think so! If you haven't upgraded yet, consider our Launch My Success Membership. Included in this membership, is weekly group coaching with one of our awesome Success Partners. You can learn more about them here: [Learn More – Success Partners](#)

Having a coach is an investment that you can expect to get a return on, it is not an expense. The time is now...What are you waiting for?
