

This is where the strength is.

Welcome to this edition of your Weekly Winning Resource all about the word roots. The word root comes from the Latin word, radix, which means starting point. It's the place that something begins or the cause of the result. Whether you're referring to the roots of the tree, your ancestry, the root of the problem, or the root of the fear, essentially roots refer to the source. Ultimately, we will only be as strong as our source allows. To achieve the goals and dreams you desire is hard and will require you to persevere in times of hardships, failures, and heartache. Like plants and trees, people need strong roots as well. For humans, our roots are the cause of what we do. They drive us to achieve our goals and dreams. As roots are to plants, so they are to us- They can make us or break us.
