

What counts in life?

Welcome to this edition of your Weekly Winning Resource all about the word, significance. At I've Decided, we have one mission and it is **YOUR SUCCESS!** We believe if you seek significance, you will find success. Living a life of significance is all about the difference you are making and the impact you have on others. One way of looking at it is, **success is about you, but significance is about others.** A few years ago it hit us that success without significance will still leave you feeling unfulfilled. This is when we added our 10th piece of the puzzle for success, which is contribution. To truly experience the total package of success, you must be able to give back and help others along the way. Being a difference maker, that is what counts in life the most!
